Procedures and Guidelines

The following procedures and guidelines have been established for the After-School Enrichment programs sponsored by the Sharon Public Schools for the 2021-2022 school year:

We now offer the ability to **register and pay online through our website** at www.sharoncommunityeducation.com. There is **no** fee for this payment service. All families, if you haven't already done so, must create an account for your child to be registered for enrichment, as this is the method for taking attendance. Payment is required at time of registration.

If you have questions regarding any of these programs, please contact the Community Education Office, 77 Pond Street, Sharon, 781-784-1574, between the hours of 9:15 AM and 4:30 PM.

Acceptance will be on a first-come/first-serve basis. Should a class sell out a waiting list will be created.

Each program has been scheduled according to the instructor's availability, as well as the facility in which the class will be held.

Activities are run only if the school is in session with the exception of classes such as Ice Skating, Skiing, Tennis, as they are held at outside venues. Classes are usually not scheduled on Early Release Days. In the event of postponement, due to weather conditions or instructor unavailability, class may be extended at the end of the scheduled session.

Snack is **not** provided. Students attending an enrichment session should bring a snack from home.

The Sharon Public Schools reserves the right to terminate or limit a child's attendance in a program when, in the judgment of the staff, the child's behavior is inappropriate.

All programs are covered under the Town of Sharon's liability insurance policy while the programs are in session and are held on Town property. Outside venues are covered by their own policies.

All After-School Enrichment Programs must be pre-paid in full and all waivers **MUST** be completed and submitted. Waivers are found online at the time of registration. They can be completed online and emailed to us or may be printed out and mailed to our office.

If a child misses the Community Education Van for any reason, parents, then emergency contacts will be notified, and they are responsible for driving the child to the program.

It is the responsibility of the parents or guardians to notify the Community Education office at 781-784-1574 prior to 2:00 PM, if their child will be absent from the class. Communication with the child's school does not reach us.

Children are expected to ride on the Community Education Van to all the Enrichment Programs. If you choose to drive your child, stay with them, and drive them home, you must notify our office of this alternate transportation for each occurrence.

If a student has an outstanding tuition balance in any Community Education Program, he/she will not be eligible to participate in additional Community Education Programs, until the balance is paid.

Failure to pick up your child by the time indicated in the program description will result in a penalty fee of \$5.00 for each five-minute interval.

Refunds of registration fees are processed when classes are canceled dependent on status of class. Refunds for withdrawals after the start of programs will require approval from Community Education Office and the Instructor.

COVID-19 Update: Community Education will be beginning to provide transportation to our Enrichment Programs. Masks will be required at all times by staff and students during transportation. Please check off-site COVID-19 procedure plans under course descriptions.

Writing Wizards Grades 2-5 In Writing Wizards, we foster a love of writing by guiding our students to write and publish their own short novel! Using literature like Harry Potter and The Chronicles of Narnia as inspiration, each pair of students designs a fantasy world that includes major and minor characters, fantastic settings, an extended backstory and a world of wonder. The authors use artwork and brainstorming to design plot twists and dynamic characters. Teachers guide the students, providing contextual mini-lessons on writing techniques that include the use of dialogue, detailed descriptions, sensory-rich word choice, and character development. At the end of the course, students take home their completed novel!

Your Voice: Public Speaking Grades 2-5 Public speaking and presentation skills are critical! We say it is never too early to start learning these talents! Elementary and middle school students who learn skills like making eye contact, using a loud voice, scanning their audience, speaking from notes and making persuasive arguments will be confident and powerful speakers. Using fun and engaging activities to teach public speaking and presentation can help make a sometimes-scary task much less daunting. Our students write and deliver informative and persuasive speeches on fun topics of their own choosing, learning how to organize what they want to say and deliver it in a powerful and persuasive manner. Students also play fun public speaking games, engage in mini-debates on kid-friendly topics and create a classroom newscast featuring news anchors, weather reports, sports updates, and movie reviews! Let's make public speaking fun!
