## **Procedures and Guidelines**

The following procedures and guidelines have been established for the After-School Enrichment programs sponsored by the Sharon Public Schools for the 2021-2022 school year:

We now offer the ability to **register and pay online through our website** at [www.sharoncommunityeducation.com](http://www.sharoncommunityeducation.com). There is **no** fee for this payment service. All families, if you haven't already done so, must create an account for your child to be registered for enrichment, as this is the method for taking attendance. Payment is required at time of registration.

If you have questions regarding any of these programs, please contact the Community Education Office, 77 Pond Street, Sharon, 781-784-1574, between the hours of 9:15 AM and 4:30 PM.

Acceptance will be on a first-come/first-serve basis. Should a class sell out a waiting list will be created.

Each program has been scheduled according to the instructor's availability, as well as the facility in which the class will be held.

Activities are run only if the school is in session with the exception of classes such as Ice Skating and Kumon as they are held at outside venues. Classes are usually not scheduled on Early Release Days. In the event of postponement, due to weather conditions or instructor unavailability, class may be extended at the end of the scheduled session.

Snack is **not** provided. Students attending an enrichment session should bring a snack from home.

The Sharon Public Schools reserves the right to terminate or limit a child's attendance in a program when, in the judgment of the staff, the child's behavior is inappropriate.

All programs are covered under the Town of Sharon's liability insurance policy while the programs are in session and are held on Town property. Outside venues are covered by their own policies.

All After-School Enrichment Programs must be pre-paid in full and all waivers **MUST** be completed and submitted. Waivers are found online at the time of registration. They can be completed online and emailed to us or may be printed out and mailed to our office.

If a child misses the Community Education Van for any reason, parents, then emergency contacts will be notified, and they are responsible for driving the child to the program.

It is the responsibility of the parents or guardians to notify the Community Education office at 781-784-1574 prior to 2:00 PM, if their child will be absent from the class. Communication with the child's school does not reach us.

Children are expected to ride on the Community Education Van to all the Enrichment Programs. If you choose to drive your child, stay with them, and drive them home, you must notify our office of this alternate transportation for each occurrence.

If a student has an outstanding tuition balance in any Community Education Program, he/she will not be eligible to participate in additional Community Education Programs, until the balance is paid.

Failure to pick up your child by the time indicated in the program description will result in a penalty fee of \$5.00 for each five-minute interval.

Refunds of registration fees are processed when classes are canceled dependent on status of class. Refunds for withdrawals after the start of programs will require approval from Community Education Office and the Instructor and may be subject to a processing fee.

**COVID-19 Update:** Community Education will be beginning to provide transportation to our Enrichment Programs. Masks will be required at all times by staff and students during transportation. Please check off-site COVID-19 procedure plans under course descriptions.

**Kumon: MATH Grades 1-5** Let your child amaze you. Kumon is a program designed to help children master the basics of math and unlock the potential in each child. Students begin at a comfortable starting point, determined by our placement test, with worksheets that can be easily completed. Your child will master the basics and reach complete proficiency with each successive step. This is a wonderful opportunity for children who may be struggling in math or who would like to advance to the next level. Speed + Accuracy=Mastery.

**Kumon: READING Grades 1-5** This reading program is designed to reinforce fundamental concepts such as sentence structure, grammar, and punctuation while helping students build their vocabulary and improve their reading comprehension skills. Through daily assignments, which are adjusted based on age and skill level, students are encouraged to take personal responsibility for their learning, strengthen their concentration skills, and develop good study habits. This dual-focus on subject area mastery and work skill is the key to each student's success.

### **NASA ASTRONAUT TRAINING Grades 2-5 Mission X: Train Like an Astronaut**

In this mini course, you will perform exercises similar to the training of real NASA astronauts-

We will practice training with an actual NASA curriculum that was designed to teach about strength, agility and cardiovascular endurance.

There will even be crew survival challenges enhancing social emotional learning. We will have the opportunity to design and fly water rockets, and study the effects of gravity on the human body.

An integral part of the class will be the assembling of NASA provided cardstock models, enabling the students to explore and study the latest in space flight vehicles.

**CLASS DATES:** Mondays- 3/14, 3/21, 3/28, 4/4, 4/11, 4/25, 5/2 **(NO CLASS 4/18) (7 Weeks)**

**TIME:** 4:00-5:00PM

**LOCATION:** Heights Elementary School

**TUITION:** \$175

**TRANSPORTATION:** One-way van transportation will be provided for this class. Parents are responsible for picking up their children promptly by 5:00pm at Heights Elementary School.

**LEGO ADVENTURES Grades 2-5** Are you a Lego master? If so, it's time to show off your skills! Each week in Lego Adventures, there is a new challenge we must face: from skyscrapers to farms, bridges to airports, space stations to main streets, and everything in between! First, our Right Brain Curriculum instructors will review the history of what we are about to build: How the invention of the elevator revolutionized city skylines, how farms in the 1930s survived hordes of grasshoppers and the Dust Bowl, how aeroelasticity explains why the Tacoma bridge is nicknamed "Galloping Gertie" collapsed, etc. Then, it's time to build! You will create a model of each type of structure out of an enormous assortment of provided Legos, and of course, we thoroughly photograph each creation before we move on to our next topic. In our final week, you will create a final project landmark to show visiting parents (along with photos of your previous creations). Learning and Legos: A perfect match!

**CLASS DATES:** Mondays- 3/14, 3/21, 3/28, 4/4, 4/11, 4/25 (**NO CLASS 4/18**) (**6 WEEKS**)

**TIME:** 3:45-5:15PM

**LOCATION:** Heights Elementary School

**TUITION:** \$150

**Transportation:** One-way van transportation is provided to this program. Parents are responsible for picking up their child at 5:15 from the Heights Elementary Cafeteria

**LEGO MATHEMATICS Grades 2-5** Put away those boring math workbooks, let's learn math with Legos! 2nd-5th graders use math concepts to problem-solve as they design, plan and build Lego projects. They utilize skills including: *Multiplication and Division; Budgeting and Money; Geometry; Perimeter, and Area; Measuring and Estimation; Fractions and Decimals; Probability; Basic Algebraic Concepts.* Students will construct houses, skyscrapers, bridges and more while fulfilling specified mathematical requirements. Students will create project blueprints before each project and solve word-problems upon completion. They share and show off their projects to the class. It's the perfect way for students to apply what they learn!

**CLASS DATES:** Wednesdays- 3/16, 3/23, 3/30, 4/13, 4/27, 5/4 (**NO CLASS 4/6, 4/20**) (**6 Weeks**)

**TIME:** 3:45-5:15PM

**LOCATION:** Heights Elementary

**TUITION:** \$150

**Transportation:** One-way van transportation is provided to this program. Parents are responsible for picking up their child promptly at 5:15 from Heights Elementary Cafeteria.

**KIDS NEWSROOM Grades 2-5** Extra! Extra! Read all about it... In the Kids' Newsroom, our students learn the craft of journalism including investigative writing and research. Our classroom transforms into a working newsroom, complete with editorial staff, reporters, columnists and headline writers. Each student plays multiple roles and works together to publish their own newspaper with stories about their local school and community.

These reporters learn techniques for crafting news stories, writing persuasive editorial essays and interviewing news-makers. Students edit each other's work, take photographs and publish their newspaper. Have an idea for a news story? Call our Kids' Newsroom Hotline today!

**Transportation:** One-way van transportation is provided to this program, however parents are responsible for picking up their child promptly at the end of class from the Cottage Elementary Library.

**CLASS DATES:** Thursdays- 3/17, 3/24, 4/7, 4/14, 4/28, 5/12 (**NO CLASS 3/31, 4/21, 5/5**) (6 Weeks)

**Time:** 3:45-5:15PM

**Location:** Cottage Street School

**Tuition:** \$150

**FUTUREHOUSE Grades 2-5** Students create a house that will exist a century from now! What will life on Earth be like a century from now? In our Future House class, students imagine and design a Lego model of a home they design for the year 2118. First, they study what daily life was like one hundred years ago and then pivot to consider how life might change one hundred years in the future.

They study the writings of futurists, learn about new "smart homes" and consider what phones, stoves, sofas, televisions and cars might look like a century from now. Students use math, writing and presentation skills as they draw up an extensive blueprint of their future house, compose a "Day in the Life" story that takes place in 2118 and work with geometric calculations as they design their blueprint. Time travel may not really be possible but our Future House students will find themselves in a different time and place!

**CLASS DATES:** Fridays- 3/18, 3/25, 4/1, 4/8, 4/29, 5/6 (**NO CLASS 4/15 and 4/22**) (6 Weeks)

**TIME:** 3:45-5:15PM

**LOCATION:** Cottage Street School

**TUITION:** \$150

**Transportation:** One-way van transportation is provided to this program, however parents are responsible for picking up their child promptly at the end of class from the Cottage Elementary Library.

**Digital Toy Design** Learn how to design a toy in 3D and then create a prototype by printing it in 3D. Creativity, functionality, design, physics and geometry are all part of the design process. You will learn to use software that toy developers use to make their toy ideas reality. You will work in groups of two, make friends and have fun. Skills you will acquire: SketchUp, physics, math, programming, graphic design.

**Grades 3-5:**

**CLASS DATES:** Tuesdays- 3/15, 3/22, 4/5, 4/12, 4/26, 5/3 (6 Weeks) (NO CLASS 3/29 and 4/19)

**TIME:** 3:45-4:45PM

**LOCATION:** East Elementary

**TUITION/SESSION:** \$160

**Transportation:** One-way van transportation is provided to this program; however parents are responsible for picking up their child promptly at the end of class from the East Elementary Cafeteria.

**Grades 6-8:**

**CLASS DATES:** Wednesday- 3/16, 3/23, 3/30, 4/13, 4/27, 5/4 (6 Weeks) (NO CLASS) (4/6 and 4/20)

**TIME:** 2:15-3:15PM

**LOCATION:** Sharon Middle School

**TUITION/SESSION:** \$150

**Please Note:** Middle School parents are expected to arrive at the front door of Sharon Middle School promptly at 3:15 to dismiss their students from the program. If you would like your student to be dismissed another way when the program ends you must contact the Community Ed office.

**American Sign Language Grades 3-5** Equal access to language is a gift and a birthright! Share the gift of language! This program introduces the fundamentals of ASL and readies signers for conversational sign. Enjoy a journey into Deaf culture and learn to sign without offending. This highly regarded program offers students a chance to learn ASL without the pressure of homework or exams.  
***This program will take place over zoom.***
